When the alien Skrulls invaded Earth, the super heroes of the British government intelligence department MI13 answered the call to fight. The combined forces of young doctor Faiza Hussain, agency boss Pete Wisdom, vampire-turned-heroine Spitfire, the Black Knight, and a newly-resurrected Captain Britain managed to turn the tide. However, victory came at a price. Left with no alternative, Pete Wisdom made a deal with the forces of evil to banish all Skrulls from Britain. But now evil is loose and the work of MI13 has only just begun.

While briefing MI13's newest recruit, Blade, the Vampire Hunter, Wisdom and his crew receive an urgent distress call from Sid Ridley, also known as Captain Midlands. Assembling to rush to Sid's aid, the team is taken by surprise when Blade greets Spitfire in a way they never would have anticipated: with a stake through the heart.
